October 25, 2007

On August 2, 2007 the Town of Fishkill passed a local law requiring property owners to have their private wells tested. It is noted that reports, including Municipal Searches, will not be released without such reports.

The town gave a grace period for properties that were in contract prior to August. This timeframe is now ending and as of November 1, 2007 Municipal Searches will not be released unless a well testing report has been submitted to our office.

Cordially,

Nancy Fitzgerald-Lecker
